

The Primary PE and sport premium

Planning, reporting and evaluating website tool

Updated September 2023

Commissioned by

Department for Education

Created by

This template can be used for multiple purposes:

• It enables schools to effectively plan their use of the Primary PE and sport premium

 It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium

 It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make additional and sustainable improvements to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use

they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated Primary PE and sport premium guidance.

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2025.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2023/2024)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

| Impact | Comments |
|---|---|
| | Continue with Real PE after analysis of outcomes |
| Structured progressive stepped learning building on core Fundamentals | Training needed next in Real Gym, Real Dance & assessment |
| teaching PE improved Pupil attainment in PE high. Staff confidence improved, quality of sessions improved. Balance skills increased. Children able to | |
| and higher engagement of children progressing on to Bikeability | Continue to offer bikeability once in KS1/2 |
| l | Sustainability in terms of staff cascading knowledge and sharing ideas |
| | Significant positive impact on the quality of teaching PE/ quality of experiences of our pupils Structured progressive stepped learning building on core Fundamentals Confidence of teachers improved Quality of teaching PE improved Pupil attainment in PE high. Staff confidence improved, quality of sessions improved. Balance skills increased. Children able to ride the balance bikes at an earlier age, confidence and higher engagement of children progressing on to Bikeability Participation of KS1 children, many who did not previously engage with sports clubs. Less active children enjoyed and continued attending Yoga |

| Wild Tribe Training for two members of staff | Active learning, especially in science, All children have participated in Wild Tribe activities and continue to access resources in their own time eg lunchtime den-building | |
|--|---|--|
| Running club at lunchtime TA run | Good uptake of children running, more children taking part in cross country events. Stamina and speed building Landewednack children coming in higher at cross country events | |
| Sailing and open water swimming at Trevassick Lake | Experience of swimming in open water, as opposed to in a pool environment is crucial as our children live and play near open water. Children found cold water very different and have built stamina and learnt different skills including water safety skills | |

Key priorities and Planning 2024-2025

This planning template will allow schools to accurately plan their spending.

supervising to ensure equity of engagement. Increased confidence. number of pupils participating in knowledge, and skills of an increased range of competitive all staff in teaching PE lopportunities. and sport. Fitness levels and stamina will increase The profile of cross country and other cluster events Kev indicator 4: will be raised- children will Broader experience of a range of sports and demonstrate confidence. activities offered to all enjoyment and commitment to pupils. these. Staff release time Provide transport for out of school events like cross country. To ensure Children will understand the lequity for all. Minibus cost @45p per mile + importance of trying a range of minibus driver Lead teacher trained then: sports and the dedication and leffort that is required to excel in sport Equity of opportunities: All Year Six children trained using Real PE Many parents have to work and/ or find it difficult to transport leaders materials Trust lead to train children to events. Providing voung leaders and transport will give more children materials included the opportunity to compete. Our in Real PE aim is for EVERY child to subscription participate in at least one event each year. Y6 sports leaders will be confident role models and will encourage Total Actual younger pupils to partake in £16,620 regular physical activity

Key achievements 2024-2025

This template will be completed at the end of the academic year and will showcase the key achievements schools have made with their Primary PE and sport premium spending.

| Activity/Action | Impact | Comments |
|--|--|---|
| Investment into Real PE for training, monitoring, | Staff feedback- staff feel more confident teaching | CPD next year will focus on Real Gym, Real |
| coaching. | PE using Real PE platform and resources Quality | Dance |
| | first teaching is seen in PE (Real PE Core) | |
| | | Pupil voice: children want more after school |
| | Assessment shows 87% of pupils are at expected in | · · · · · · · · · · · · · · · · · · · |
| | PE, an increase of 10% from previous year Pupils | wide-ranging children's needs- aim to provide |
| | expressing an enjoyment of PE. | clubs to engage and interest pupils with SEND |
| | | and disadvantaged pupils |
| Dalanceahility/ Wild Tribe training and recourses | On entry to school, children's physical | |
| Balanceability/ Wild Tribe training and resources | development was low, by end of reception – 83% | (still pood to invest in DD in EVEC pout year) |
| | achieved GLD in physical development | (still need to invest in PD in EYFS next year) |
| Sensory and proprioceptive resources | More children participating in physical activities | |
| | and recreation 20% inactive- all children have | |
| | engaged with the resources and activities | |
| Proprioceptive/ sensory equipment for break times/ | Teachers observations/ teacher voice expresses | |
| self-regulation | children settling back to lessons well with children | |
| | being more regulated. | |
| | Children saying the resources/ break times are fun | ! Investment in self-rescue and water safety in |
| | | the sea (including knowledge of rip-tides and |
| Sailing HRST including freshwater swimming | Children have developed additional skills/ | currents) next year |
| | experiences of being in freshwater (eg shock of | |
| | cold water). | |

Swimming Data 2024/25

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

| Question | Stats: | Further context Relative to local challenges |
|---|--------|--|
| What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres? | 79% | Target: 80% + of combined Y5/6 will be able to swim 25 metres compared to 40% in the autumn term. Our current year 5s will need to be a focus next year. For 2025 – 2026 we will need to focus on swimming for the next Y6 cohort |
| What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke? | | As above- water confidence and technique of our current Y5s is low, we will need to invest in booster sessions for some children in order for them to achieve the target |

| What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations? | 71% | In swimming pool 71% in cold water lake (however they are less confident in the sea). Living in a coastal community priority will be given to water safety in the sea with several different dangers to consider |
|---|----------------------|---|
| If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this? | Yes/No | Although we are above National, priority will be given for our KS2 pupils to learn water safety in the sea Start earlier than Y6 to give us time to ensure all pupils have booster sessions if needed |
| Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety? | Yes/ <mark>No</mark> | We will try to access this next academic year- currently we benefit from coaches at the swimming pool and sailing trust |
